Miss Roberta Winans, who will handle the girls work in Alexandria, arrived late yesterday, and will begin operations this evening. Miss Winans comes to Alexandria after an extended stay at Trenton, where she inaugurated many recreation programs for the girls and women. Miss Winans plans an extensive program, including the organization of a girls glee club.

The proposed program takes in the club room, afternoons and evenings, with billard tables, reading room, writing room, and a canteen, while on the second floor, in the large hall, nights will be held for Boy Scouts, young men, business men, community chorus, including Glee Club, minstrel and other entertainment features, a night for lectures and entertainments and a night for community dancing.

The activities for boys and young men will embrace volley ball, basket ball, light gymnastics and general games.

Mr. Marsh's program for general work takes in the development and cooperation of boys and girls activities in school and playground; the assistance and deveelopment of social activities for all and holding of a community sing every Sunday afternoon.

The afternoon sessions in the big hall will be devoted to small boys, girls and women's work.

The Alexandria post of the American Legion has been offered the use of the entire building, as post headquarters, and it is understood that they will avail themselves of the opportunity of obtaining a club room in the heart of the city. The first community dance will probably be held a week from tomorrow night.

Charles W. Swan, late of the tank corps and formerly sporting editor, of The Washington Herald, has been secured to handle the club activities, including the athletic and entertainment features. MANIAC KILLS KEEPER

Assault on St. Elizabeth's Attendant Revealed After Death at Hospital

An assault upon Gordon Beery, of Potomac, Va., an attendant at St. Elizabeth's Hospital, D. C., by James R. Carlton, a patient at the institution, on October 27, resulted in the death of Beery at Emergency Hospital yesterday morning.

Beery was washing windows in ward 1 at the hospital when Carlton became infuriated from some unknown cause. An arument followed. Carlton picked up the iron covering of a sewer and struck the attendant.

Carlton, who had not been regarded as dangerously insane, was present at the inquest. He had been confined to the hospital since 1906. His mind was so affected he knew nothing of the assault.

NEW RAIDS ON I. W. W.

Seattle, Wash., Nov. 14.—Federal officers yesterday raided the office of the Seattle Union Record, seized the entire plant and arrested several employes, E. B. Ault, the editor, among them.

United States District Attorney Robert C. Saunders said the office was raided on instructions from Washington, D. C.

Seventy-four alleged members of the Industrial Workers of the World were arrested in a police raid yesterday in a hall here, said to have been an I. W. W. meeting place.

GIRL HALTS PRINCE

She Meets Him Below Alexandria

Prince Edward had a rather unusual experience on his trip to Mt. Vernon yesterday. He had previously received a letter from a girl who promised to be under a British flag along the way to greet him.

Beyond Alexandria on the highway to Mt. Vernon, a girl appeared in front of the royal car waving a Britsih flag, and guessing that it was the same girl, the Prince ordered the car to stop while he returned the greeting. She was an English girl and gave the name of Madelain Jordan.

NAVAL STATION NEARS COMPLETION

Cost $1,500,000 and Will Give Employment to 1,500 Persons

8 TORPEDOES A DAY

Wharf 310 Feet Where Destroyers Can Land and Have Torpedoes Delivered to Them

The Navy Department is putting on the finishing touches to the big Naval Station located on the river front just north of King street for the making of torpedoes. The Station has two buildings of reenforced concrete. One building, which is two hundred and fifty feet long, one hundred and fourteen feet wide, and two stories high, is used for a storehouse, office and power plant. The other building, which is used as a machine shop, is two hundred and fifty feet wide, three hundred feet long and four stories high. The Station when completed will cost $1,500,000 and will employ fifteen hundred people. Captain William S. Miller, U. S. N., Naval Inspector of Ordnance, reported for duty the latter part of August, 1918, and has been in charge of the Station ever since

When the station is in full operation it will be possible to turn out eight torpedoes a day. The torpedoes are twenty-one inches in diameter, twenty-two feet in length, and are made up of three thousand different parts. They require mechanics of the highest order to put the parts together, as some of the pieces which help to make up a torpedo are even smaller than some of the parts used in making a watch. The torpedoes are assembled and built at the station, and the explosives are placed in them after they have been accepted by the government and have left the station.

In the machine shop there are twenty-four of the largest lathes in operation for boring and turning out flasks, which contain the compressed air used to propel the torpedoes. Each lathe is about thirty-eight feet long, has a swing of about twenty-four inches and weights about twelve and one-half tons. There are other lathes used in the machine shop from this size down to the smallest lathe used by jewelers in precision work.

Some of the parts used in the construction of these torpedoes are obtained from the Naval Torpedo Station at Newport and from the Washington Navy Yard, and assembled at the station to be made into torpedoes. The torpedoes, after they are completed, are taken to the station's range which is located down the Potomac River about one hundred miles near Piney Point and tested. The range is ten miles long and has two old type Coast torpedo boats attached to it, together with a number of gasolene launches which are used in testing the torpedoes. After the torpedoes are tested in the shop and on the range and accepted by the government they are then ready to be turned over to the destroyers.

The station has a wharf three hundred and ten feet long, twenty-five feet wide, with fifteen feet of water at mean low water, where the destroyers can come along side and have the torpedoes delivered to them. There are also on this wharf two hand cranes for lifting the torpedoes from the double track industrial railway used for taking torpedoes from the station to destroyers. At the present time there are only about one hundred men working at the station but the force will be increased at a rate of about fifty a month until the necessary number of employees is obtained.

This is only one of the many interesting plants operated by the navy where men can acquire a highly technical education and be fitted to obtain positions on the outside where technical knowledge is essential.

MISSION TO LEPERS WILL HOLD MEETING TONIGHT

The Alexandria Auxiliary of the Mission to Lepers will hold its semi-annual meeting at 7:30 o'clock this evening in the Westminster Building.

It is an interdenominational missionary organization devoted to welfare and religious work among the lepers of the world. It establishes hospitals and furnishes physicians, nurses and medical supplies; it establishes homes where the victims of this dreaded disease are cared for and made comfortable; it establishes colonies where the untainted children of lepers are cared for until they raech the age for education and self support; schools are maintained where reading is taught and vocational instruction is given to enable the lepers to help each other and themselves, and it erects chapels and churches where Bible classes and devotional services of an undenominational character are held.

The Alexandria Auxiliary was organized in April, 1917, by the late Mrs. Landon R. Mason, of Richmond, and funds enough were raised to support one leper for a year. The next year the Gold Pig Banks, or "Pete," as the members of the mission know him, yielded a fund not quite sufficient to care for two lepers, and this present year, though the cost of maintaining a leper has increased,—as has every thing else that we know anything about,—the auxiliary hopes to put down three lepers to its credit.

Officers of the local organization are: Miss Gault Norton, president; Mrs. M. W. O'Brien, vice president; Miss Mary Williamson, treasurer; Miss Margaret Germond, secretary.

All of the churches in Alexandria are represented in the auxiliary, and all members of the community who are interested in this most humane work of healing the sick, and obeying the command to "cleanse the leper," are invited to attend the meeting this evening.

RESERVATION ADOPTED

Four Democrats Vote With Republicans For Measure

The reservation to Article ten of the League of Nations convenant was adopted by the Senate yesterday by a vote of 46 to 38.

Senators Reed, of Missouri; Gore, of Oklahoma; Smith of Georgia, and Walsh of Massachusetts, Democrats,

After the vote, Senator Hitchcock. Administration leader, declared he would have to vote against the ratification of the treaty, so drastic did he regard the Senates action.

Amendments designed to modify the effect of the reservation, one of which called for the United States adherence to the obligations of the article for five years, were defeated.

Aside from the adoption of the reservation, the important development of the day was the resolution of Senator Lodge to invoke cloture upon the debate to bring the treaty to an early vote. Thirty Republican Senators signed this request.

Earlier in the day Senator Hitchcock offered a cloture amendment, but it was objected to by Senator Norris because it related only to the reservations pending and not to the treaty as a whole. This was upheld by Senator Cummins, in the chair, but when Hitchcock appealed for a vote, Senator Lodge's motion to table the appeal carried, 44 to 36.

Senator Hitchcock introduced a set of interpretative reservations which represent the maximum that will receive the Administration's support. These will be acted upon probably today.

MASONIC GATHERING HELD LAST NIGHT

Musical Program Feature of Entertainment at Opera House

HONOR GRAND MASTER

Addresses by B. W. Beach and Rev. Edgar Carpenter—J. E. W. Timberman Presides—Mr. Cutchins Speaks

An entertainment was given last night in the opera house by the Masonic fraternity of this city in honor of Sol Cutchins, grand master of Masons in Virginia, and a feature of the affair was the musical program given. The affair was attended by a large gathering of Masons and their wives and lady friends. The stage was prettily decorated with palms and ferns and flowers. Officers of the two lodges occupied seats on the stage. J. E. W. Timberman, past master of Andrew-Jackson Lodge presided.

During the evening speeches were made by B. W. Beach, grand junior deacon of the grand lodge of Virginia; and Rev. Edgar Carpenter, chaplain of Andrew Jackson Lodge, this city, who pronounced invocation.

The musical program given included the following: Sextette from "Lucia," Mrs. S. B. Fowler, Mrs. Ness, Messrs, Kenneth W. Ogden, Wilmer J. Waller, Richard Wirt and F. G. Duvall; quartet, "The Rose Messenger," Mrs. Ness, Mrs. Fowler, Messrs Ogden and Waller; contralto solos, "Four Leaf Clover" and "Lullaby," Mrs. S. B. Fowler; quartet, "Absent" and "Bowl of Roses,"; solo, "Go Down Moses," Mrs. Ness of Washington; tenor solo, Tosti's "Goodbye," Kenneth W. Ogden.

Prior to the entertainment in the opera house an informal reception was given the grand master at the Masonic Lodge by the representatives of Alexandria-Washington and Andrew Jackson Lodges of Masons at this affair an address was made by Sol Cutchins, grand master.

SEEKING TO FINISH ALEXANDRIA ROAD

Subscriptinos to the fund of $25,000, which the Washington Chamber of Commerce has pledged itself to raise to complete the new roadway between Washington and Alexandria, are asked for in letters which the chamber is sending to more than 200 local interested firms. It will cost about $58,000 to finish the uncompleted mile and three-quarters.

Alexandria will raise one-half of the amount needed. To get the money, the chamber has appointed "block committees" in the downtown section of the city.

The letter points out the advantages of the new roadway to merchants. The highway makes the distance between the two cities nearly two miles less than by any road now in existence.

"This is an important item to the man who delivers goods in Alexandria or who has occasion to use an automobile between the two cities," said Ross P. Andrews, chairman of the chamber's committee, yesterday.

IN MEMORIAM

In sad but loving remembrance of our dear son and brother, William T. Schafe, who left us two months ago today.

At the bedside of our dear son and brother,
Night by night and day by day,
We watched his loving hands grow thinner,
And saw him slowly fade away.
A loving one from us has gone,
A voice we loved is still,
A place is vacant in our home
Which never can be filled.

LIFE WORK CONFERENCE

Speakers Who Will be Here November 26 in Connection With Drive of Episcopalians

News has just been received that the following have been selected as speakers at the Life Work Conference and supper to be held in this city November 26 under the auspices of the Nation Wide Campaign Committee of the Episcopal Church:

Miss Helen Hendricks, after spending two years in China teaching at St. Hilda's School for Girls, and one year in France as war worker among French industrial girls, comes to challenge American girls to live up to their privileges and opportunities by helping to meet a world need.

Frank Gibson, formerly first sergeant of marines, comes direct from the service of his country into the service of the church. As a successful worker among young people he has gathered up experiences which count in what he has to say.

Gordon Reese, who is well known to Alexandrians, has spent a year with British troops in India, one year with the Marine Corps at Quntico, and later served as field secretary for the Brotherhood of St. Andrew. Coming from such varied experiences he has a message to young men and women—something that will make them think.

WAR-TIME PROHIBITION

Injunctions Will Have no Effect on Enforcement By Government

Injunctions issued against the carrying out of the war time prohibition act in Kentucky and Rhode Island will have no effect on the government's enforcement policy except in those States.

At the Department of Justice it was stated yesterday that Attorney General Palmer would continue to pursue through the courts the intention of the government, as expressed by the war time prohibition act, until turned down by the Supreme Court.

"There is nothing to be said about the injunction in Kentucky," was the statement made. "The injunction speaks for itself. The government of course is not going to resist an injunction."

Attorney General Palmer's views of the result of the recent referendum in Ohio, which nullified the legislature's ratification of the prohibition Constitutional amendment is that Ohio's action will make no difference in the going into effect of the amendment in January.

INGOMAR THEATRE

It is quite refreshing to find a really consistent story in motion pictures, but it is generally conceded that the productions of Paramount and Artcraft more nearly approach consistency than those of any other concern. This is especially true as regards "Paid in Full" the Paramount photoplay starring Pauline Frederick at the Ingomar Theater tonight. The play is a charming one and affords Miss Frederick a powerful characterization in which her artistry never is at fault.

A screaming farce "His Wife's Friend," the latest Paramount-Mack Sennett comedy with the above, will be presented.

RICHMOND THEATRE

The great thrills which are inseparable from the motion picture work of William Farnum have been given in abundance in this star's latest photoplay, "Wolves of the Night," which will be seen today at the Richmond Theatre.

One of the most thrilling points in the story, it is conceded, is the great mine scene where Farnum, as the hero, is imprisoned in a mine through an explosion of dynamite intended to destroy him. His eventual escape in a crazed condition is certainly one of the most powerfully graphic scenes ever enacted for the films.

PRINCE AT MOUNT VERNON

Places Wreath Upon the Tomb of George Washington

Prince Edward visited Mount Vernon yesterday afternoon and laid a wreath on the tomb of the father of American independence.

This event, one fraught with international significance, visibly impressed the royal visitor, He did not speak. There was no need for words.

In the fading light of a glorious autumn day, surrounded by dignitaries, who stood by with heads bared to a piercing wind, the heir to the British throne entered the tomb of his forefathers' foe and paid silent tribute to the great man lying there.

A chat with President Wilson in his sick room was the fitting end of a great day in the life of Albert Edward, Prince of Wales, and future ruler of Great Britain.

The prince was received by the President at 6 o'clock yesterday afternoon, following a tea with Mrs. Wilson, at the White House. Dr. Grayson and Mrs. Wilson stood by while the fair-haired, regal youth laughed and exchanged pleasantries with the President for twenty minutes.

THE LATE SENATOR MARTIN

The Senate last night, on motion of Senator Swanson, recessed until tomorrow morning at 10 o'clock for purpose of enabling senators to attend the funeral of the late Senator Thomas S. Martin, which was held from the family home near Charlottesville this afternoon. A special train was provided to convey senators to and from the funeral.

Vice President Marshall attended in addition to the following committee appointed to represent the Senate: Senators Swanson, Lodge, Cummins, Hitchcock; Simmons, Knox, Fletcher, Nelson, Overman, Bankhead, Robinson, Smith, of Arizona; Smith, of Maryland; Underwood, Walsh, of Montana, Warren, Smoot and Williams.

Among many messages of sympathy received by the family was one from President Wilson.

Burial was in the cemetery of the University of Virginia.

The Baltimore Sun of this morning contained a long editorial containing suitable enconiums in respect to the memory of Virginia's senior Senator. Among other things our cotemporary says:

"There has been in recent years further development of new points of view in the Old Dominion. In the matter of Prohibition, the state of the cavaliers and of unrestricted hospitality has become more Puritan than Massachusetts. In the commonwealth in which women would formerly have disdained to clamor for office or political privileges, there are some who are ready to swap the divine right of queenship for the ballot box and all the Pandora-blessings that therein lie. New mental currents and undercurrents now puzzle the prophet who undertakes to determine whether Virginia's reaction to the present situation will be toward old traditions, or toward something still more practical and radical.

"All the old intellectual fires have not expired "in the mother of States and statesmen.' The country needs her former leadership now as it has rarely needed it before. She can render a great national service if she can contribute to the Senate at this juncture a man as strong and as brave as Thomas S. Martin, and one who can revive the memories of her great statesmen and orators."

"REDS" IN THIS SECTION.

People in Virginia have been wont to view the work of Bolshevists from a long distance—in far-away Russia or the extreme northwestern sections of our own country. Developments in Baltimore, however, show emissaries of this vicious class are at work in Baltimore, and there is positive proof that they have invaded West Virginia.

Activities of radicals threaten serious trouble in the bituminous coal mine fields of that state, according to reports received by the Department of Justice.

The situation in Monongahela and Taylor counties is described by Department of Justice officials as "particularly nasty." Meetings, directed and attended largely by Russians, have precipitated some violence among the coal miners, the reports say.

Officials assumed that the leaders of the disorderly elements are representatives of the Union of Russian Workers against whom the department is conducting a vigorous campaign.

The reports indicate that work of the Russians is directed at intimidating miners who seek to return to work following the withdrawal of the coal strike order.

Agents of the Department of Justice are en route to the coal mining districts of Northern West Virginia, Governor Cornwell announces. It will be their purpose to "clean out radical centers," and round up I. W. W. and Russian agitations.

There are more than 1,000 Russian miners in Monongalia county, and it is characterized as the worst hotbed of radicalism in West Virginia.

They cause the liver and bowels to act normally. They never force them to unnatural action. Dr. Edwards' Olive Tablets are a soothing, healing, vegetable compound mixed with olive oil.

If you have a bad taste, bad breath, feel dull, tired, are constipated or bilious, you'll find quick and sure results from Dr. Edwards' little Olive Tablets at bedtime. 10c and 25c a box.

"BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safely relieve Headache, Toothache, Earache, Neuralgia, Colds and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

DODSON WARNS CALOMEL USERS

It's Mercury! Attacks the Bones, Salivates and Makes You Sick

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

BOY ELECTROCUTED

Child of 7 Grasps Wire Charged With 2,000 Volts

Lancaster, Pa., Nov. 14.—William, 7 year old son of Mrs. Gertrude Finefrock, of this city, was killed yesterday morning by contact with a wire charged with 2000 volts of electricity.

An electric light repairman is alleged to have wrapped a broken wire wire temporarily around a telegraph police, and before the break was adjusted the boy while on his way to school grasped the protruding end in play. He fell writhing to the ground, screaming in agony for his mother, and expiring in a few minutes.

The boy's father died several months ago, leaving a widow and four young children.

PLAGUE IN CONSTANTINOPLE

International Red Cross to Send Aid to City

Geneva, Nov. 14.—The International Red Cross yesterday received a telegram from Constantinople, dated November 9, stating that plague had broken out in the Turkish capital and asking for help.

The Red Cross officials immediately took steps to rush serum to the Red Crescent (the Turkish Red Cross) to fight the disease, which threatens the whole city and the Near East.

MINERS NOT RETURNING

Situations in the Coal Districts is Far From Satisfactory

Chicago, Nov. 14.—Reports received from every important coal producing State in the country showed miners did not return to work after John L. Lewis, acting president of the United Mine Workers of America, rescinded the strike order Tuesday. Conditions in some fields were alarming because engineers and pump tenders have deserted their posts permitting the mines to flood. The only hope for early resumption of production was that an agreement would be reached at the Washington conference today, according to operators here.

"The strike is still on," said Andrew T. Murphy, editor of Black Diamond and a high authority on the coal industry.

"The miners have taken the position that the order rescinding the strike was issued by Mr. Lewis under compulsion, that it is therefore illegal and they refuse to obey it," he said.

Murphy displayed telegrams from 44 fair miners returned in West mining districts throughout the Virginia, where there are about an country to bear out his statement, seven number of union and non-union. His reports showed none of the men miners.

CHEERFUL RECOMMENDATION

"They are the best laxative I have taken and I cheerfully recommend them to anyone suffering with constipation or biliousness," They thoroughly cleanse the bowels, sweeten the stomach and benefit the liver. They correct indigestion, bad breath bloating, gas, coated tongue and other results of sluggish bowels. No griping; no nausea.

Two or three drops will do the work, without fussing or trouble. You apply it in 2 or 3 seconds. It dries immediately. "Gets-It" does the rest, without bandages, plasters, blood-bringing knives or razors. Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It." It never fails.

Pepto-Mangan Brings Bloom of Health

Helps Restore Worn-Out, Thin-Blooded Men and Women to Health and Happiness

Physicians Recommend It
Sold in Liquid and Tablet Form Both Possess Same Medicinal Value
—Insist on "Gude's"

Most every case of a sallow complexion and a languid feeling is traceable to watery, impoverished blood deficient in oxygen carrying red blood cells.

Inasmuch as the entire system depends on the blood for its nourishment and strength, it is readily understood why thin-blooded people always feel worn-out and run-down.

And it is equally plain that to restore the vigor of rugged health, the blood should be supplied with the needed qualities to enable it to build up the system.

Gude's Pepto-Mangan accomplishes this very result. In a short time the beneficial results are clearly manifest The cheeks fill out and regain the bloom of health, the eyes sparkle, the step regain its elasticity, the whole system is filled with greater vitality.

Gude's Pepto-Mangan is a safe, beneficial and pleasant tonic. Agrees with the most delicate stomach, and is obtainable in either liquid of tablet form.

Be sure the name "Gude's" is on the package when you buy Pepto-Mangan. Ask the druggist for "Gude's." If "Gude's" is not on the package it is not Pepto-Mangan.

DRY WORKER ASSAULTED

London, Nov. 14.—"Pussyfoot" Johnson, advance agent of the Anti-Saloon League in its invasion of Great Britain, got a warm welcome in London yesterday and had a narrow escape from a bath in the icy Thames.

A group of students marching behind a banner inscribed "We want beer and stout," ivaded Essex Hall, where Johnson and F. A. Mackezie were holding a debate on "The Why and How of American Prohibition," under the auspices of the Overseas Club and the Patriotic League. Despite the efforts of the police, the students made their way to the platform, seized Johnson and dragged him to the street. Someone suggested that if Johnson liked water so much it might be a good idea to give him a bath in the Thames and the suggestion was cheered. He attempted to fight his captors, but was badly mauled before he finally escaped.

FIGHT ON ESCH BILL

Anti-Strike Proposal by Webster Brings Long Debate in House

The long expected struggle over the labor sections of the Esch railroad reorganization bill was precipitated in the House yesterday when a drastic anti-strike amendment was proposed by Representative Webster, Republican, of Washington.

Debate on the amendment continued until adjournment at 7:30, and will be resumed for three hours tomorrow.

The Webster amendment would make it unlawful to strike before the dispute was submitted to a Federal board or while the matter was pending before the board. In the event of violation of the board's award by the carriers or a strike by the workers civil actions for damages are provided.
